A note from Amanda

As Lanark Lifestyles Senior Living Advisor, I am responsible for helping transition new residents into our community. It's a job that I have been doing for over 13 years and I love it. As we enter our 8th month of being open we are currently 75% full.

The past few months have been difficult for all of us, to say the least. Many of the people that have been considering a transition to our community have been stating that they are going to "wait until this is over".

While I totally understand that making a transition at any time is difficult, "this", frankly may not be over for a very long time.

The way I do my job has changed, but the work has not stopped. I am happy to do tours of our community via Facetime or video. I can send floor plans and testimonials from our residents and their families. The people that are moving in are screened and moved in following a strict protective protocol.

So while we take each day as it comes, if you are thinking of making a move to our beautiful community please don't hesitate to reach out. We can reserve your suite for up to 60 days, that way you won't miss out on joining our vibrant community.

Looking forward to hearing from you!
